# BENEFITS OF FLYING PRIVATE

As more countries re-open for air travel, passengers and aircrew are paying more attention to the way they travel, with a stronger focus on health and safety. Private aviation rises to the challenge by providing increased safety and other benefits that are more valuable and advantageous than ever before.

- Safety
- Value
- Time
- Privacy and Security
- Comfort and Amenities

WE ARE MOVEMENT

## SAFETY

Private jet travel provides a safer way to fly by reducing the exposure to health and security risks, further the commercial airline expose through 700 touchpoints per flight, whereas private jet travelers only encounter 20 touch-points. To the other hand, private jet travelers enjoy the privilege of using private terminals where they can relax before the flight and interact with only few people.

## VALUE

Private charter has become more affordable and convenient in the recent years having closer rates to first and business commercial class. Additionally, memberships programs allow travelers to fly privately on-demand, which removes the cost of full aircraft ownership and makes private air travel more affordable where executives whose time is worth hundreds of thousands of dollars and is more practical than losing hours and money waiting at busy airports.

## TIME

The average commercial time spending goes around 90 minutes at airports for domestic flights and up to 3 hours for international flights just for a one-way trip, then by private travel removes all that waiting time so passengers can opt to arrive at the terminal 15 minutes before departure and complete travel procedures like immigration, customs and boarding in mere minutes. For business, flying by a private jet allows maximizing the hours onboard flying according to your own schedule.

## PRIVACY AND SECURITY

Private travel offers unmatched privacy, which makes it the preferred way of travel for many athletes, celebrities, government figures and other prominent personalities. From the private terminal to the aircraft, passengers can rest assured that their privacy is respected and protected, and they can travel away from curious eyes in a secure environment, without the risk of people eavesdropping and corporate espionage.

## COMFORT AND AMENITIES

Private jets feature outstanding amenities that are often far more luxurious than commercial airlines first class suites. From spacious cabin space and plush leather seats, to a master bedroom and shower, private jets offer the finest in air travel for an exceptionally comfortable and relaxing flight with a premium selection of gourmet catering, entertainment systems, entire cabin exploitation maximizing the practically unlimited luggage capacity and even bringing your pet.
